

Excellence is its own reward.

Of course, a little public recognition is nice, too.

Here at Toshiba America Business Solutions, we're pleased to announce that we've done it again. For the tenth time, we have received top honors in the Business Technology Association (BTA) Channel's Choice Awards. And that's more than any other manufacturer in the industry. Not only did we win top honors with the prestigious Superior Performance award, we also won for Inventory and Corporate Support. It's proof positive that here at Toshiba, excellence is not just a goal. It's a daily event. **Learn more at copiers.toshiba.com**
